DIRECTIONS for Riad Mur Akush.

Thank you for booking to stay with us in Riad Mur Akush.

Our riad is easy to find and very near the main road, especially for Marrakech standards, but nothing looks easy when one is arriving in a new town and does not know the way, so we have put together these photo-directions to help you find us.

We recommend that you use our chauffeur service from the airport or the train/bus station, as it ensures that you get here as quickly and cheaply as possible and you do not fall victim to the various con-artists who tend to frequent the airport and the stations.

If you are driving to the riad yourself or if you have a driver, the following will help you find us:

The closest well known landmark is the Bab Doukkala Mosque.

All drivers will know it and Sat Nav will get you here.
Our google location is:

The road by the Bab Doukkala mosque is called "Rue Fatima Zohra" and looks like this on the right.

The building on the right of the palm tree, with the green roof tiles, is the mosque.
Try to park or be dropped-off near the palm tree at the end of that road.

When you reach the palm tree, you will see an arch on your left hand side (almost opposite the palm tree), which is the entrance to our street "Derb Ezzaouiya".

Enter the derb / street, you will see the street name plaque on the top left: "Derb Ezzaouiya".

Walk straight ahead for a few meters and then turn right on the first little alley.

← This is the point where you turn right.

Once you turn here, you are a few steps from Riad Mur Akush.

The final part of the walk looks like this. Walk under the arches and find the 3rd door to your right hand side.

You are here! Welcome to Riad Mur Akush!
