

riad mur akush  
marrakech

### DIRECTIONS for Riad Mur Akush.

Thank you for booking to stay with us in Riad Mur Akush.

Our riad is easy to find and very near the main road, especially for Marrakech standards, but nothing looks easy when one is arriving in a new town and does not know the way, so we have put together these photo-directions to help you find us.

We strongly suggest that you use our chauffeur service from the airport or the train/bus station, as it ensures that you get here as quickly and cheaply as possible and you are not a victim of the various con-artists who tend to frequent the airport and the stations, but if you decide to hire a street taxi, this document will help you find us.

If you are driving your own car, these instructions are going to help you find us as well.

From the airport or train/bus station, find a taxi and ask the driver to take you to the Bab Doukkala mosque, near Maison Arabe. The mosque is a well known landmark and all the drivers know it, but sometimes you need to tell them that it is near Maison Arabe which is one of the most famous riads in Marrakech and another well known landmark.

If you are driving your own car, the easiest location to reach by GPS will be the Bab Doukkala mosque.

The road by the mosque is called "Rue Fatima Zohra" and looks like this on the right.

The building on the right and below, with the green roof tiles, between the two palm trees, is the mosque. The area between the

palm trees is the "parking area" of the mosque, where you can park your car for a small negotiable fee (Around 50 dhr per day) .

On approach, the mosque looks like this here. This is where the taxi driver would drop you off. We are 1.5 minutes walk from here.

You will need to negotiate the price but as a guidance, it will be around 150-200 Dhr from the airport and 50-70 Dhr from the train/bus station for a maximum of 3 passengers. If you are travelling after 9pm, there is a night supplement.

After your taxi drops you off by the side of the mosque on "Rue Fatima Zohra", walk a bit further till you reach the bit of the road that is narrowing a little, with the mosque still on your right.

There will be an arch on your left handside, which is the entrance to our street "Derb Zaouia" or "Derb Ezzaouiya" (they changed the spelling of the street lately, as it sounds the same in Arabic, apologies for the confusion).

This is the arch entrance to our street, with the little shop on the right of the entrance of the street (this shop is often closed).

Enter the derb / street, you will see the street name plaque on the top left: "Derb Ezzaouiya".

Walk straight ahead for a few meters and then turn right on the first little alley.

← This is the point where you turn right.

Once you turn here, you are a few steps from Riad Mur Akush.

The final part of the walk looks like this. Walk under the arches and find the second door to your right hand side.

You are here! Welcome to Riad Mur Akush!

If you still have problems finding our riad, please call us at 00212 524 376 381 for directions and help.
